Screw Compressor Callout & Service Requirements

When booking a callout for a Screw Compressor, you must inform the client of the following requirements prior to scheduling and dispatch.

1. Required Replacement Parts

- **Air & Oil Filters:** Supplied and sold directly by us at the time of service *(see SKU table below)*.
- **Compressor Oil - 10 Litres:** Must be sourced and provided by the client prior to the technician's arrival. We recommend Shell Corena S3 R 68 (20L retails around R2500)

2. Payment & On-Site Policy

- **Payment Terms:** Payment for filters must be settled upon technician arrival before installation begins.
- **Oil Readiness:** Compressor oil must already be on site when the technician arrives.
- *Note: Filters will not be installed until payment has been completed.*

Buythis SKUs below

- AG-AIR/AIR/40 or AG-AIR/25INCH or AG-AIR/32INCH - Air intake filters
- AG-AIR/962 - oil filter top of machine
- AG-AIR/DB2074 - oil filter inside oil tank
- AG-AIR/30T
- AG-AIR/30X
- AG-AIR/30C
- AG-AIR/30F
- AG-AIR/30A
