

Software Version Upgrade

Besides from our Utility Disk, you can also download the latest version from:

<https://cncu.co.za/Other-Softwares/AM.CO.ZA%20Fabricam%20CAD&CAM%20Sheet%20Metal%20Cutting%20Software/>

We regularly update the software for new features, check:

<http://amused.co.za/#Fabricam-Video>

You have lifetime free upgrades on software version with new features within your package.

Please remember subscribe notification at:

<http://am.co.za/subscribe>

Software Package Upgrade

Default dongle is for Fabricam Lite, if you purchased upgrade, or add-on, download attached file (if you have a package higher than lite), then:

1. Click on Configuration.
2. Double click on [1].
3. Click on [2], select attached file and click on OK.
